

INCREASING YOUR PATIENT'S ACCESS TO THE TIF® 2.0 PROCEDURE WITH THE ESOPHYX® DEVICE

The EndoGastric Solutions (EGS) Patient Access Program will assist to increase patient access to the TIF® 2.0 procedure with the EsoPHYX® device through submissions of thorough and well-documented patient requests for prior authorization and patient-based appeals. These services benefit TIF® candidates whose health benefits are provided through health plans, which generally require prior authorization services.

The EGS Patient Access Program will provide the following:

- + Secure online portal for prior authorization and appeal requests
- + Prior Authorization, Level 1 and Level 2 Authorization Appeal Submissions
- + External Reviews/IRO
- + Real-time case updates and streamlined communications
